

# PALESTRA

**Sexta-feira, 16 de Fevereiro de 2007, 11h30**  
**Sala 02.1, Centro de Congressos, IST, Lisboa**

## **GPL, MIT, BSD, OSS (and me)** **Introduction to Open Source**

***Therese Catanzariti***  
***(GE Healthcare, Finland)***

### *Abstract*

*The talk will address several issues related to open source. What is open source. What are the risks and challenges of working with open source. How can you use open source without compromising your project.*

### *Bio*

*Therese Catanzariti (B Ec(Syd), LLB (Hons1)(Syd), LLM (Merit)(Lond)) is a senior legal counsel at GE Healthcare. She previously worked for a large commercial Australian law firm and Nokia in Finland. She has lectured in industrial and intellectual property law at the University of Technology in Sydney and the University of Sydney, and given presentations on intellectual property law at the Association of Corporate Counsel Annual Conference in Athens, Greece and in San Diego, USA. She has written extensively in the area of intellectual property law in academic journals and industry journals.*
